

There's Never Been a Better Time to Buy and there's Never Been a More Unique Opportunity like The Legend

Over the years, Bosa Development has been instrumental in revitalizing San Diego's downtown core. As the city's leading urban developer, Bosa continues to believe in the outstanding prospects of downtown San Diego. Regardless of the recent market slowdown, Bosa is confident that the unique mix of exquisite dining, athletic entertainment, high-end shopping and urban entertainment packaged in the laid back waterfront location found in downtown San Diego means the area has yet to reach its peak.

There are many reasons why now is the time to buy. Prices are lower than ever, interest rates continue to fall, and in the past 18 months no large projects have begun construction. The Legend represents a rare opportunity for San Diegans to own a part of this city's exciting atmosphere at unprecedented price reductions. Plus, you don't have to wait – you can move into The Legend today.

The Legend is designed to make to make your home as exciting as the downtown location. One of the few amenity-rich, full-service communities in the Gaslamp Quarter, The Legend has a unique 3,200-square-foot, seventh floor party deck overlooking PETCO Park's left field. To facilitate hosting all those game day get-togethers, the party deck has a fireplace lounge and barbecue area. On The Legend's second floor you'll find a 2,500-square-foot fitness center with change rooms, a rooftop pool and garden, steam room, sauna, and outdoor spa.

A 24-hour gate attendant greets you as you arrive home and the concierge service will take care of almost anything, including dry cleaning, travel arrangements and restaurant reservations. Your Legend home is crafted with superior detailing and the finest fixtures and finishes. Beautifully appointed gourmet kitchens and spa-like bathrooms are standard. With so many advantages to living The Legend, it's no surprise that there are less than 25 suites left.
