

## Living Large at The Legend

While many condominium projects claim to be unique in the real estate market, there is a San Diego development that is the only one of its kind in the country. The Legend is the only residential tower to be built within the gates of a major league ballpark. Overlooking PETCO Park's left field, The Legend offers homeowners an exciting downtown location next to the Gaslamp Quarter in addition to the thrill of watching Padres live action without ever leaving home.

Built by San Diego's premier developer, Bosa Development, The Legend joins The Grande, Electra and Bayside as the city's newest showcase for the legendary Bosa craftsmanship. Bosa's track record of success in San Diego is based on two main principles: building better homes in better locations. With a vibrant location that offers the best shopping and finest dining in the city, The Legend certainly has a great location. But what about better homes?

The Legend's suites are crafted with superior detailing and the finest fixtures and fittings. Oversize windows frame expansive city views. Suites range in size from a generous 800 square feet all the way up to an airy 1,895 square feet. Beautifully appointed gourmet kitchens and spa-like bathrooms are standard.

The Legend is one of the few amenity-rich, full service communities in the Gaslamp Quarter. The Legend resident is greeted daily with the lushly landscaped entry courtyard and 24-hour gate attendant – a service that speaks volumes of Bosa's commitment to security and your sense of well-being. In addition, The Legend has a concierge service to take care of everything from dry cleaning to travel arrangements to restaurant reservations.

Unique to The Legend is a 3,200-square-foot seventh floor party deck overlooking PETCO Park's left field. To facilitate hosting all those game day get-togethers, the party deck has a fireplace lounge and barbecue area. On Legend's second floor you'll find a 3,500-square-foot fitness center with fully equipped change rooms, a rooftop pool and garden, steam room, sauna and outdoor spa. When it comes to amenities, it's impossible to match The Legend!

Considering the unparalleled success of Bosa's previous developments and the unprec-

edented pricing that The Legend offers today, now is the time to get in on the game. Plus, you can move in now. It might just be your last chance to live The Legend.
